Mr. Frnka (present), who would vote "nay," with Mr. Dielmann (absent), who would vote "yea."

Reasons for Votes.

1. I voted against the King resolution because I am for an immediate investigation by the present Legislature.

2. Because a committee appointed by this Legislature will have no power to take testimony where a witness refuses to testify.

3. I do not wish to attempt to bind the Fortieth Legislature by limiting them to a report of this body.

4. Because investigating committees of the past have established the fact that the policy is impractical.

DALE.

I voted "nay" on the resolution to investigate the State departments. I am for investigation to start now, and not after the Legislature adjourns.

PAVLICA.

I favor an investigation but vote "nay" for the reason that the committee will have no authority to enforce its orders and can not force attendance of witnesses.

BARKER.

I voted "nay" on the investigation resolution, as I favored the investigation by the Thirty-ninth Legislature and not by the Fortieth Legislature, as the term will have expired and nothing can be accomplished to justify the expense of same.

ALBRITTON.

No limitation on power of committee, entailing what I believe too reckless an expenditure. Need of schools for increased apportionment.

WOODALL.

We assign the following reasons for voting against the resolution by Representative King to appoint a committee to investigate various State departments during the interim between the present Called Session and the Fortieth Legislature, and report to the Fortieth.

In our opinion many thousands of dollars additional expense will be incurred, above the expense of such service rendered during either this or the Fortieth Legislatures—the added per diem, hotel bills, traveling expenses of the nine members, besides much clerical and legal help would be avoided if such investigation was held pending a legislative session. In our opinion the item of hotel bills and traveling expenses as compensation for the members is unconstitutional, and especially as the sittings are required to be in Austin. We voted against this bill because under the decided law of this State, as we understand it, only the Legislature has power to enforce its mandates, and cannot delegate that power to a committee, at least in so far as punishment for contempt is concerned.

We believe a thorough investigation should be had, but while the Legisla-

ture is in session, when every member could attend the sittings and hear the testimony, could have opportunity to sift the testimony and offer other evidence if desired, where the Legislature, as such, could compel obedience to the committee's commands, when the members of the committee would be on their regular constitutional pay, and could command the regular clerical and other help of the Legislature, at a saving, we believe, of many thousands of dollars, and perform their services with greater efficiency, impartiality, and public confidence.

FARRAR.  
GRAY.

I vote "yea" on the investigation resolution although I think the investigation should be taken up at once and do not believe the resolution as passed will prove effective.

FINLAY.

I voted against the resolution providing for investigation of certain State departments because I favored the investigation to begin at once and continue as long as necessary, believing if there are any irregularities, misconduct, or graft, as has been intimated and charged, the same should be checked, corrected, and stopped as quickly as possible, and not be permitted to continue until the Fortieth Legislature convenes; and, on the other hand, if there is no foundation for such charges, the parties involved should likewise be exonerated without delay.

FRNKA.

Mr. Petsch moved to reconsider the vote by which the resolution was adopted and to table the motion to reconsider.

The motion to table prevailed.
